

The Storms of Life

Ancient City Baptist Church—Fred O. Pitts
Sunday Morning, April 30, 2023

John 6.15-24; Matthew 14.22-33

Jesus walking on the water: this well-known, amazing event is yet another miraculous sign that points to Jesus being the Son of God and the promised Messiah. Again, in his single-mindedness of purpose, John leaves out some details supplied by another gospel writer. Let us study Matthew's account alongside John's as we learn some valuable lessons that will help us weather the storms of life...

**Jesus can _____ the _____ that
enter our lives**

**We are sometimes more _____ of _____
way than we are of the storm**

**We can ask God to _____ his
_____ in the storm**

**We need to keep our _____ on _____ more
than the _____**

***Jesus hears us and helps us when we cry for help, but he desires
that we grow in faith and learn that he really is the Son of God!***
